

1_If you have two kids ,Lara and Heba ,each of them needs 20 LE to buy a toy , Lara is the older and she can be responsible for her toy choices , while Heba is the younger and you must first ask her about the toy as she doesn't know much .you only have 20 LE right now , and you are so busy at the moment that you can't ask any of them about the type of the toy ,whom you will give the 20 LE ?

- A. Lara
- B. Heba
- C. Neither
- D. 10 LE to both and they will think about what to do with the 10 LE

2_Given that you gave Lara 20 LE, Heba came the next day and asked why didn't you give her the money? what will you answer?

- A. When you're older you'll understand
- B. It's by turns and the next time is yours
- C. You're still young and you can't know your choices well
- D. You'll not answer

3_Given that you chose Lara , she bought a very bad toy which could hurt her .and Heba saw this and knew that it is a bad toy .what would you say ?

- A. You're not responsible you lost my respect
- B. Why did you buy this toy ?
- C. You can't buy this toy you are the role model for your sister

And what would you do ?

- A. You'll take the toy from her
- B. Explain to her why it is not a good toy
- C. Give Heba 20 LE even if my budget doesn't allow
- D. Apologize to Heba and take the toy from Lara
- E. Apologize to Heba and explain to Lara why it is a bad toy

4_if on another day, Lara and Heba also needed 20 LE with the same circumstance that you were in at Q1 ,what would you do ?

- A. Give Heba 20 LE without asking her about the toy type
- B. Give Heba with warning her not to buy the same as Lara did
- C. Not give to anyone stating the reason
- D. Give Lara as a second chance

5_On a mega project ,you have 50 team members , 20 of them are not good , 30 are good to the point that they can take the whole work themselves ,given that you can't unemploy the bad 20 . what would you do?

- A. Rely on the 30 without telling them that they're taking extra work , to avoid conflicts until the end of the project
- B. Tell the 30 the whole situation and saying that he'll rely on them and they have the choice to exit if they want
- C. Try to escalate the situation to the upper management that the project won't be success until replacements occur
- D. Figuring a way to get things done in the current circumstances

6_ Given that you chose A, the 30 employees knew what was happening, they came and asked you, what is your explanation?

- A. I will apologize and tell the whole situation
- B. I will explain that it was to get the project done
- C. I will encourage them to continue like this and in return sending requests to their managers to give them rewards

7_ What is your first action when you wake up?

- A. Look at the clock
- B. Think what you will do today
- C. Stretch in bed

8_ You have 20 tasks to do today, how will you choose which task to start ?

- A. By priority
- B. By their duration longest to shortest
- C. By their duration shortest to longest
- D. It depends
- E. Mixing A with B or C
